**POSITION STATEMENT** *(To be contained within ten (10) typed lines):*

I would be honored to continue to serve the SCSRT as Secretary. I feel it is important to keep the forward momentum of the society and to keep it as a functional option for radiographers to obtain their continuing education credits. The ability to network with peers is something that cannot be achieved by reading an article. That aspect is important in our profession. It is also a wonderful opportunity to involved with the future of our profession, the students.
